ACABADO ANODIZADO Y LACADO / ANODIZED AND POWDER COATING FINISH

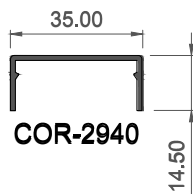

Existe la posibilidad de que pequeñas alteraciones de la tonalidad e intensidad de la luz, así como el grado de reflexión sobre las superficies de las lamas, provoquen cambios en la apreciación del acabado.
There is the possibility that small alterations in the tone and intensity of the light, as well as the degree of reflection on the surfaces of the louvre blade, cause changes in the appreciation of the finish.
